

Where the finest biscuit, cake, hot-breads, crusts or puddings are required *Royal* is indispensable.

ROYAL
Baking Powder
Absolutely Pure

Not only for rich or fine food or for special times or service. Royal is equally valuable in the preparation of plain, substantial, every-day foods, for all occasions. It makes the food more tasty, nutritious and wholesome.

ARRESTED FIFTY ANARCHISTS

Several Desperate Battles Between Revolutionary Russians and St. Petersburg Police

St. Petersburg, Feb. 22.—Attempts that had been planned against the lives of exalted personages were frustrated by the police last night by a succession of arrests in various parts of the city, aggregating fifty men and women. This is the greatest number of terrorists

ever taken by the police in the capital. The majority of them were heavily armed, some with bombs, and they made desperate resistance against the police. During the course of the arrests ten policemen were wounded and one was killed.

Rose's Forefather Corn Whiskey

The method our conscientious forefathers used in making whiskey was to boil double in copper over open wood fires—a slow, expensive process, but it is the way to make honest whiskey and preserve the food value of the grain.

That is the way Rose's Forefather Corn Whiskey is made. We know every step of the process. We also know the proper way to age corn whiskey until it obtains a rich, amber color, a smooth, mellow taste and a charming bouquet. That's why Rose's Forefather Corn Whiskey is the peer of all whiskeys on the market. A trial will convince you it is the whiskey for your use.

SOME FAMOUS SHOOTISTS

The U. M. C.-Remington Southern
Squad Will be Here Next
Tuesday

The local sports men were delighted to learn today that the U. M. C.-Remington Southern Squad has selected our city as one of the points to visit on its extended tour through the South. Many remember the U. M. C. Southern Squad of 1903, which visited sixty-five Southern cities and was indeed a score-making expedition, for after they had gone the local marksmen almost always found some individual or squad score which still remained as a high mark to be eclipsed. The present U. M. C.-Remington Squad, however, is starting out not so much with the object of score making as that of friendship-making, although now and then a high score may bob up as the result of too much enthusiasm on the part of some member.

"Annie Oakley" is fondly known everywhere as the greatest of all women shots. For seventeen years she was the leading attraction of Buffalo Bill's Wild West Show. Practically no woman is so well known to the public, for we all remember having seen her in her remarkable feats from horseback, shooting at both moving and still objects. Her skill with the rifle and shotgun was so marked that she was compelled to accept invitations from nearly every monarch of Europe, and received a beautiful gold medal from the king of England, inscribed, "The finest shot I have ever seen." From the fact that a true marksman is born, not made, Annie Oakley today has all of her old-time tricks and skill and as many more new ones. She hits flying objects of different sizes in the air with rifles of both small and large calibre.

ANNIE OAKLEY

She Was Painfully Injured in the Recent Accident Near Plant City

Tom A. Marshall is well known to the shooting fraternity, as the only man who ever won the Great American Handicap twice. At his spacious home in Keithsburg, Ill., he holds perhaps more beautiful trophies than any other living shooter. He was captain of the well known American team which traveled abroad and never experienced defeat. He was also captain of the U. M. C. Southern Squad of 1903. Colonel J. T. Anthony is the best known of all Southern shooters, his friends being numerous wherever his acquaintance extends.

W. H. Heer, known as the "silent man from Kansas," has the honor of making the highest yearly average ever made, which was 96.3% out of 15000 targets shot at during 1906. Mr. Heer is probably the greatest trap shooter of the present day.

Geo. W. Maxwell had the misfortune to lose his left arm about twelve years ago, but this loss did not overcome his love for his favorite pastime. He is considered one of the best marksmen in the country, and the fact that he has only one arm makes his ability all the more marked. During the last season he shot in competition with the best two-armed marksmen, and many times came out with the leading score, with such high marks as 97 and 98 per cent.

Frank E. Butler is known wherever there are sportsmen. He has traveled widely and shot in practically all of the leading cities of America. He has twice held the championship of New Jersey, which state claims his residence.

As said before, the U. M. C.-Remington squad is touring the South, joining

with southern friends in the interest of trap shooting. They also demonstrate the Remington auto-loading Rifle and shotgun, which utilize the recoil to cock, eject and reload. No one who has seen one of these arms operated can fail to be interested. They also have along in their small arsenal Remington double guns and the new Remington pump gun which is the only hammerless, repeating, solid breech gun of this type, and ejects its shells from the bottom. They also demonstrate U. M. C. Arrow and Nitro Club shot shells, which were used by eight of the ten Interstate Handicap winners during 1907.
